

Alumnus Marcus Zuniga's Success Story

Services Used:

- Appointment to review resume and cover letter
- Graduate school application
- Interview practice

Success Story:

UNM Careers Services is a program I recommend all students and alumni to engage with at one point or another. The program has been instrumental in counselling me during the pursuit of each professional opportunity I have acquired since I graduated from UNM with a Bachelor of Fine Arts in Studio Art. I successfully applied for and completed two internships at internationally renowned contemporary art museums. I then went on to secure a full time position at prominent Santa Fe contemporary art gallery. In the fall, I will be attending an internationally recognized Master of Fine Arts program in California. UNM Career Services assisted and counselled me when I was in the process of applying for each of these opportunities. An individual from the UNM Career Services team worth boldly mentioning is Autumn Collins. I was referred to meet with Autumn by the UNM College of Fine Arts, as her background offered familiarity with students pursuing careers in the arts. Each session I participated in at UNM Career Services, was an individual meeting with Autumn to logistically discuss and set forth a plan of action for each opportunity I sought out. I am grateful to have access to the resources of the UNM Career Services program both when I an undergraduate student, and now as one of the alumni of UNM.
