Success Story:

UNM Anderson provided me with the tools, resources and guidance needed to achieve my dream career. Anderson had immense opportunities to take advantage of for professional growth. I am thankful I took advantage of many opportunities that helped me land the job I have today. I now work at General Mills and love it here. I never thought I would move from New Mexico, but moving here to Minneapolis has been one of the best decisions I have ever made. I truly love the opportunities I was given back at Anderson and now from General Mills to help me grow in my personal and professional life.
